

## FEATURES:

### Streamlined Certificate Collection:

- Unique wizard helps customers select & complete correct exemption certificates
- Automated notices and reminders accelerate collection
- Stores certificates digitally for easy access, anytime, anywhere
- Retail version supports signature pads for paperless processing

### Web-based Management:

- Web-based tools provide easy, secure access
- Tracks status of any certificate request, anywhere in the process
- Automates renewal notices via email, fax, or mail
- Allows easy editing & updating of certificates with the click of a button
- SAS 70 Compliant

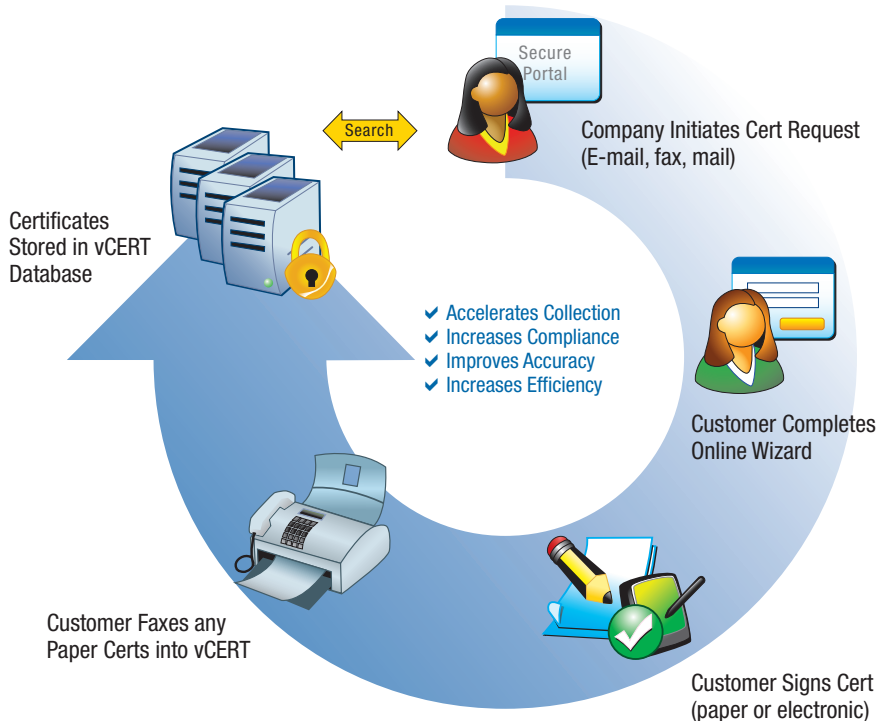

## Automate and Accelerate Collection and Management of Exemption Certificates

Designed by our team of tax experts, vCERT® raises the bar on accuracy and simplicity in managing sales and use tax exemption certificates.

- Easy-to-use and easy-to-learn, for both you and your customers
- Automates and accelerates certificate collection and management
- Validates new or expiring certificates with the click of a button
- Powerful search engine quickly locates existing or in-process certificates
- Dramatically improves compliance and reduces audit exposure
- Trusted by Fortune 500. Cost effective for mid-size businesses

## ROI Typically Exceeds 20 Times Investment

Seem too good to be true? It isn't. vCERT can significantly reduce the time spent collecting and managing certificates, paper handling & storage costs, and audit exposure due to incomplete or inaccurate certificates...all while improving the workflow for your customers and employees.

## Ask Us About These Expert SUT Solutions and Services

**vRETURN®** – Prepares and files sales and use tax returns – accurately, easily

**vRATE™** – Provides rates for all North American taxing jurisdictions

**TAX SERVICES** – Being audited or need nexus analysis? Put Taxcient's team of former state sales and use tax auditors on your side

*“We used to fish through files and loose paper to provide copies of certificates. Now we have very minimal audit exposure in this area. It's not even an issue anymore.”*

**Tax Manager,**  
Fortune 500 Company

## The vCERT Advantage

Our sales and use tax solution leverages the expertise of our team of former State SUT Auditors and state-of-the-art technology to give you the best exemption certificate management system available.

### SAVE TIME AND MONEY

- Easily learned. Your staff can start using it right away. vCERT operates like familiar “desktop” software
- Accelerates certificate collection. Makes it easy for the customer to fill out the right form, and automates follow up communications so you spend less time calling, re-faxing, re-mailing
- Removes many cumbersome, time-consuming paper processes
- Frees up resources. Significantly less time is spent contacting customers and locating certificates. Your staff can focus on other important tasks
- Eliminates costly software installation and maintenance
- Documents are stored digitally; reducing storage costs

### IMPROVES ACCURACY AND COMPLIANCE

- Wizard helps customers select correct forms; they complete it faster and with fewer follow ups and errors
- Reduces audit liability by increasing accuracy & completeness
- Certificate administration features allow you to accept or reject submitted certificates
- Certificate renewal feature helps keep certificates up-to-date by flagging expired certificates and automating renewal requests
- System tracks different stages of certificate requests, and makes sure they don't fall through the cracks

### ABOUT TAXCIENT

Taxcient offers a powerful, cost-effective suite of automated SUT solutions and services that leverage the expertise of our team of former sales and use tax auditors. Our solutions dramatically improve compliance and reduce errors, while improving workflow and reducing paper handling costs.
